

**REMARKS**

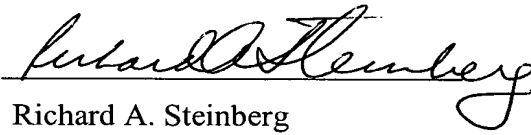

Subsequent to the issuance of the Notice of Allowance a minor error in the Title as it appears in the U.S. Patent and Trademark Office records was discovered, specifically in the Title of the invention as it appears on the PTOL-85 Issue Fee Transmittal Letter. It is respectfully requested that the title should read:

PROCESS FOR THE HYDROGENATION OF A POLYMER COMPOSED OF DIENE  
MONOMER UNITS AND A NITRILE GROUP-CONTAINING MONOMER

Further, Applicants note that a Request for Corrected Filing Receipt was previously filed via facsimile, but apparently has not been considered. A copy is attached hereto.

Accordingly, no new matter is introduced and no new issues or change in scope or meaning of the allowed claims are raised by the foregoing amendment to the specification. Therefore, entry of the above amendment to correct an obvious typographical error is respectfully requested.

Respectfully submitted,  
PILLSBURY WINTHROP LLP
